The first four months of being the SDAFP chapter president have been educational, inspiring and energizing. Our SDAFP Winter Seminar in January was a success with excellent speakers and discussions. The topics spanned the lifetime of our patients and included an AAFP Lecture Series on Adolescent Immunizations and Adult Immunizations to screening for lung cancer, various cardiovascular disease lectures, pulmonary hypertension, new developments in treatment of ovarian cancer and ended with travel medicine as the attendees prepared to drive back to their communities.

Also included during the seminar were the Coronary Artery Disease SAM and A Primary Care Faculty Development Workshop to improve our clinical teaching and evaluation skills. If you didn’t attend our Winter Seminar you truly missed out on many great educational opportunities.

Early in May, two members of our board attended the AAFP leadership conference in Kansas City, Mo. Scott Boyens MD, Sioux Falls, and Lisa Brown MD, Custer, were introduced to the national AAFP leadership and attended seminars which will help them in leading the SDAFP board and increasing our advocacy efforts for better health care for our patients and improved support for family physicians throughout South Dakota.

On May 12-13, I attended the Family Medicine Congressional Congress in Washington, DC. with Carletta Hauck. The Academy leadership celebrated the end of SGR as did the legislative aids and legislators; everyone was excited to work on improving health in America, even knowing the work ahead will be long and hard. The first day was spent learning about the 4 issues the Academy was presenting to the US Congress and asking for support. Speakers including lobbyists, legislative health care staff and members of Congress discussed and debated 4 areas: The Value of Primary Care, Graduate Medical Education transparency and funding, supporting Family Caregivers and Primary Care, and Family Medicine’s FY 2016 Appropriations Request. The speakers and fellow family physicians were inspiring with their commitment and enthusiasm for promoting Family Medicine and the Academy’s Triple AIM for better health and better health care at lower costs.

The second day of the conference was the most important; the day was spent meeting with our senators, representative and staff about the 4 Family Medicine issues. We were able to meet briefly with all three legislators during their weekly South Dakota breakfast meet and greet. Later in the morning we met with Sen. Round’s health care staff while the senator attended a mandatory committee meeting. Carletta and I had an excellent, extended meeting with Senator Thune and two health care staff. They were engaged and supportive throughout our discussion. We addressed the Value of Primary Care. We asked for the Senator’s support to 1. Limit provisions of law designed to assist primary care to those physicians and other providers who actually offer primary care, which is comprehensive and continuing to all patients and conditions, and 2. Eliminate patient co-pays for services provided with the new chronic care management code. In our discussion we included statistics that, “US adults who have a primary care physician have 33% lower health care costs,” (Starfield et al, Sept. 2005).

CONTINUED ON PAGE 7
SDAFP Advocacy Day

On February 5, 2015 the SDAFP held its first ever Advocacy Day in Pierre during the legislative session. Physicians in attendance were: E. Paul Amundson, MD, Susan Anderson, MD, Kevin Bjordahl, MD, Scott Boyens, MD, Lisa Brown, MD, Jerome Bentz, MD, Thomas Dean, MD, Andrew Ellsworth, MD, Elizabeth Gravley, MD, Lisa Brown, MD, Jerome Bentz, MD, Steve Schroeder, MD, Suzannah Spencer, MD, Clayton VanBalen, MD, Victoria Walker, MD and Jason Wickersham, MD. The first year medical students were also in attendance and were accompanied by Cathy Logue, Dean Mary Nettleman, MD and Roy Mortinsen, MD.

Governor Dennis Daugaard and Lt. Governor Matt Michels both spoke to the group regarding health care issues in SD. Dan Heinemann, MD gave a presentation on how to be effective when advocating. Dean Krogman also gave the students tips on how to advocate on behalf of one’s cause.

Between 30 and 40 legislators joined the students and physicians for lunch in the Visitor’s Center next to the Capitol Building. We are looking forward to having a similar event in 2016!

This was made possible by a matching grant from the American Academy of Family Physicians State Advocacy Day Grant Program!
2016 SDAFP Winter Seminar

When: January 28-30, 2016
Where: The Lodge at Deadwood, Deadwood, SD

Topics include but not limited to:

Pre-op Evaluation, Advanced Aortic, and Structural Heart Lectures; Oropharyngeal Cancer, Rib Fractures, ***Bed Side Ultrasounds, Primary Care of HIV, Diabetes Update, Hepatitis, Colon Cancer and more!

Register Early!

***BEDSIDE ULTRASOUND WORKSHOP

An innovative bedside ultrasound workshop will be a new addition to the 2016 Winter Meeting. The course is intended to teach novice providers point-of-care applications of portable ultrasound. There will be a series of hands-on sessions supplemented by didactics where participants will practice on both live and simulation models. Topics include basic operation of a portable ultrasound machine, the FAST exam, and techniques to perform ultrasound-guided bedside procedures including vascular access, thoracentesis, paracentesis, and lumbar puncture. Experienced faculty from the University of Texas Health Science Center San Antonio and other institutions will lead the workshop. (There will be an additional fee for this workshop.)

WHAT YOUR COLLEAGUES ARE SAYING

The winter conference was outstanding as always. Excellent speakers and great fellowship with other family doc’s.

Dr. Jim Walery

I really liked seeing other FP doctors around my area and around the state that I don’t get to see otherwise. My favorite part of the conference is that SAM sessions are offered close to where I am practicing in South Dakota. Dr. Chris Robbins

The educational content at this conference is great. I especially like the national speakers that come and present their areas of expertise as well as the physicians I consult to share their specialties. I also enjoy the family events that are scheduled.

Dr. Martin Christensen

Janet Lindemann, MD, MBA, Professor received the Laureate Award at the Central Group on Educational Affairs (CGEA) meeting in Columbus, OH in April 2015. The award recognizes individuals who have made significant contributions to shaping the organization, program and activities of CGEA.

Valerie L. Hearns, MD, Associate Professor was lead presenter on two posters at the CGEA meeting in Columbus, Ohio in April, 2015 “FARM (Frontier and Rural Medicine) Long Distance Clinical Skills Assessment in a Rural Setting via TeleOSCE” and “Short term OSCE Remediation: process, results, and correlations.”

Susan M. Anderson, MD, Associate Professor and Chair completed the Hedwig van Ameringen Executive Leadership in Academic Medicine program.

Earl Kemp, MD was named Associate Professor Emeritus. Dr. Kemp retired in 2014 as Program Director of the Family Medicine residency program and an academic faculty member. Under his leadership, the family medicine residency became a national leader and remains a popular South Dakota residency choice by USD SSOM medical students. He worked to ensure that students and residents received top quality education and was a talented clinician himself.

James E. Ryan, MD, Department of Family Medicine Award (sanctioned by the Sanford School of Medicine Alumni Relations Council and sponsored by the SD Academy of Family Physicians)

Dr. Abigail Lichter- Abby will be entering the Sioux Falls Family Medicine Residency Program.

Curtis H. Wait, MD, Memorial Award (sponsored by the SD Foundation of Family Medicine)

Dr. Deanne Tamang- Deanne will be entering the Rapid City Family Medicine Residency Program.

Dr. “Oty” Kittelson Scholarship Award (sponsored by the Sanford Health Foundation)

Dr. Anne Grady- Anne will be entering the Sioux Falls Family Medicine Residency Program.

Society of Academic Emergency Medicine & the USD SSOM Department of Family Medicine Excellence in Emergency Medicine Award

Dr. Deanna Lassegard- Deanna will be entering the East Carolina University Residency Program.

Department of Family Medicine Faculty Appointments, Recognitions and Awards

The Rapid City Regional Hospital Family Medicine Residency Program would like to congratulate our 2015 graduates. The graduation ceremony will be held on June 29th at the Dahl Fine Arts Center in downtown Rapid City.

Our seven graduates and their future practice locations:

Daniel Berens, DO, Des Moines University; Spearfish, South Dakota; Patrick Blair, DO, Des Moines University; Bellingham, Washington; Virginia Hunter, DO, West Virginia School of Osteopathic Medicine; Spencer, West Virginia; Robert Johnson, DO, Lake Erie College of Osteopathic Medicine; Pierre, South Dakota; Derrick Kuntz, MD, University of North Dakota; Sturgis, South Dakota; Jessica Ott, MD, University of Nebraska Alliance; Nebraska; Megan Schuckman, MD, University of Nebraska; Chadron, Nebraska.

Six new residents will be joining us this summer:

Karla Ivy, DO Kirksville College of Osteopathic Medicine; Crista Few, MD Loma Linda University School of Medicine; Matthew Nielson, MD University of Nebraska College of Medicine; Monaleze Saini, MD Wayne State University School of Medicine; Deanne Tamang, MD University of South Dakota Sanford School of Medicine; Christopher Wenger, MD University of South Dakota Sanford School of Medicine.

It is with great honor that the South Dakota Academy of Family Physicians announces that Dr. Jerome Bentz was named 2015 South Dakota Family Doctor of the Year by his peers at the 2015 SDAFP Winter Seminar held in Deadwood, SD February 22-24.

Dr. Bentz and his wife Yvonne have lived and worked in Platte for over 31 years. They have 3 children: Jonathan and his wife Jennifer (Hannah, Zach, and Landon), Kara and her husband Brandon (Leeland and Asher), and Leanna.

Dr. Bentz was chosen for his numerous contributions to his community, important contributions to Family Medicine and most importantly his continuing contribution to his patients. He has served on his church board and the Platte Development Corporation. He has been active in the Platte Chamber of Commerce and has served as president. He has participated in and led fund raising drives for such varied causes as a new community center, construction of a new swimming pool and establishment of an endowment fund for the Platte Health Center. He helped establish a local museum and even served on the Tree Board.

He has actively promoted the specialty of Family Medicine and has been a long term active member of the SD Academy of Family Physicians. He has served the academy in multiple capacities including as Board President in 2006. He has also contributed to Family Medicine in our state by precepting medical students and is now the local physician coordinator for the Platte unit of the newly developed Frontier and Rural Medicine (FARM) program of the USD Sanford School of Medicine.

Most importantly Dr. Bentz is widely known and respected for his competent, gentle, humble and caring manner. He has an absolute commitment to seeing that his patients get the thoughtful and compassionate care that is the very essence of Family Medicine. He often uses his time off to check up on patients to be sure they are doing well and occasionally goes to check on patients in the local Hutterite Colonies.

Dr. Bentz is an avid runner, does one or two mini-triathlons per summer, and always has a book or two that he is reading.

**Congratulation to Dr. Jerome Bentz!!**
Sioux Falls Family Medicine Residency
Please join us in welcoming the Class of 2018

Daniel Brown MD, Ross University. Daniel is originally from Scotsbluff, NE, but has lived in Colorado for some time. He completed his undergraduate degree at Colorado State University in Fort Collins.

Matthew Cabrera-Svendsen MD MPH, University of MN-Duluth. Matthew is from the St. Paul and completed his undergraduate degree at Stetson University in Deland, FL, and his Masters in Public Health from the University of MN.

Anne Healy MD, Sanford School of Medicine. Anne is from LeMars, IA and completed her undergraduate degree at USD.

Ashley Hilbrand MD, Michigan State University College of Human Medicine. Kayla is from Grant, MI and completed her undergraduate degree at Hope College in Holland, MI.

Joshua Hughes MD PhD, Sanford School of Medicine. Joshua is from Sioux Falls, and completed his undergraduate training at the University of SD. He will receive his PhD in cancer research along with his medical degree in May.

Mikaela Koenig MD, University of Nebraska. Michaela is from northeast rural Nebraska and completed her undergraduate degree at Creighton University.

Abigail (Abby) Lichter MD, Sanford School of Medicine. Abby is from Yankton, SD and completed her undergraduate degree at the University of SD.

Katherine (Katie) Score MD, University of Nebraska. Katie is from Omaha, and completed her undergraduate degree at Chadron State College in Chadron, NE.

Heidi Werner MD, Sanford School of Medicine. Heidi is from Aberdeen, SD and completed her undergraduate degree at Augustana College.
FARM (FRONTIER AND RURAL MEDICINE PROGRAM) REPORT:

AFTER AN EXTENSIVE APPLICATION PROCESS AND SITE VISITS, THREE COMMUNITIES HAVE BEEN NAMED AS ADDITIONAL FARM SITES:

VERMILLION, SD – BEGINNING 2016
PIERRE, SD – BEGINNING 2017; SPEARFISH, SD – BEGINNING 2017

THE SECOND GROUP OF FARM STUDENTS MOVED TO THEIR FARM SITES IN FEBRUARY, 2015:

MERRITT SAUER (PARKSTON); BROOKE JENSEN (PLATTE)
JOHN PERSON (MILBANK); RYAN BUSE (MOBRIDGE)
JED ASSAM (WINNER); KEELEY KROLLIKOWSKI (WINNER)

THE THIRD GROUP OF MEDICAL STUDENTS TO PARTICIPATE IN THE FRONTIER AND RURAL MEDICINE PROGRAM HAS BEEN “MATCHED” WITH OUR COMMUNITIES AND WILL BEGIN THEIR FARM EXPERIENCE IN FEBRUARY 2016:

ELIZABETH HEEDMAN (MILBANK); AMI GARRIGAN (MOBRIDGE)
AMANDA JOHNSON (WINNER); JULIA NICHOLS (WINNER)
ADAM FITZGERALD (PLATTE); LIZ WESTHOFF (PARKSTON)
TIANNA VOGT (VERMILLION)

OTHER NEWS: JESSICA LUDEVIK, DVM WILL BE WORKING WITH PERSONNEL IN THE FAMILY MEDICINE DEPARTMENT THIS SUMMER ON A PRACTICUM PROJECT TO COMPLETE HER MPH. HER PROJECT TITLE IS “EPIDEMIOLOGIC STUDY OF ZOONOTIC DISEASES IN SOUTH DAKOTA, 2004-2013.” DR. LUDEVIK WILL BE LOCATED IN THE SD AHEC/DEPARTMENT OF FAMILY MEDICINE OFFICES IN THE USD HEALTH SCIENCE CENTER IN SIOUX FALLS. SHE IS WORKING WITH STATE EPIDEMIOLOGIST, DR. LON KIGHTLINGER, ALONG WITH DR. SUSAN ANDERSON AND THE SOUTH DAKOTA AREA HEALTH EDUCATION CENTER, IS ANALYZING DOH DATA RELATED TO ZOONOTIC DISEASE.

2015 WINTER SEMINAR LECTURE HIGHLIGHT BY SUZANNAH H SPENCER, MD

THE AAFP CHAPTER LECTURE SERIES: ADOLESCENT IMMUNIZATIONS AND OVERCOMING BARRIERS THAT EXIST WAS PRESENTED BY DR. BELINDA VAIL, MD, FAAFP, VICE CHAIR UNIVERSITY OF KANSAS.

DR. VAIL DISCUSSED THE ADOLESCENT IMMUNIZATION SCHEDULE INCLUDING Tdap, INFLUENZA, MENINGOCOCCAL (MCV4) AND HPV. SHE REVIEWED THE RECOMMENDATIONS AT 11-12 YRS, THE CATCH-UP SCHEDULE AND HIGH RISK RECOMMENDATIONS FOR PCV13 AND PPSV 23. SHE ALSO DISCUSSED HOW TO IMPROVE IMMUNIZATION RATES IN ADOLESCENT PATIENTS. A FEW TIPS WERE: 1. TAKE ADVANTAGE OF ALL OPPORTUNITIES THAT AN ADOLESCENT COMES TO THE OFFICE AND GIVE THE SHOTS. 2. REMEMBER THERE IS NO EVIDENCE THAT GIVING MULTIPLE IMMUNIZATIONS DECREASES EFFICACY OR INCREASES THE RISK OF COMPLICATIONS. 3. HAVE STANDING ORDERS FOR IMMUNIZATIONS. WORK AS A TEAM TO GET ADOLESCENTS INTO THE OFFICE FOR THEIR IMMUNIZATIONS.

AFTER THE WINTER SEMINAR I RESEARCHED THE RATES OF ADOLESCENT, AGES 13-17 YRS, IMMUNIZATIONS IN THE US. NOT SURPRISINGLY 2013 HPV VACCINE RATE IS REMARKABLY LOWER THAN Tdap OR MENINGOCOCCAL VACCINE RATES IN 2013. Tdap RATE WAS 84.6% AND MCV RATE WAS 77.8% HPV RATE FOR GIRLS, WHO RECEIVED AT LEAST ONE DOSE OF HPV VACCINE, THE RATE WAS 57.3% COMPARED TO 34.6% IN BOYS, (CDC 2013 NATIONAL IMMUNIZATION SURVEY-TEEN) IN SD THE RATE OF ONE DOSE OF HPV IN GIRLS IS 51% AND BOYS MUCH LOWER AT 19.8%. DR. VAIL ENCOURAGED ALL OF US TO STRONGLY RECOMMEND ADOLESCENT IMMUNIZATIONS. “OUR RECOMMENDATION IS THE NUMBER 1 REASON WHY SOMEONE WILL GET THE HPV VACCINE AND BE PROTECTED FROM HPV-ASSOCIATED CANCERS AND DISEASE.” (REID B. BLACKWELDER, MD, ET AL).

THE AAFP RECENTLY MAILED ALL MEMBERS THE 2015 IMMUNIZATION RECOMMENDED SCHEDULES. THIS IS A GREAT RESOURCE AND MORE INFORMATION IS AVAILABLE AT: WWW.AAFP.ORG/IMMUNIZATIONS THAT INCLUDES “PROVIDER RESOURCES FOR VACCINE CONVERSATIONS WITH PATIENTS”. THERE IS ALSO AN AAFP MOBILE APP.

WE HOPE TO SEE YOU AT THE 2016 SDAFP WINTER SEMINAR JANUARY 28-30, 1016 IN DEADWOOD, SD!
IMPROVE CHILDREN’S DIETS
with Nutrient-rich MILK

- Low-fat and fat-free milk are a good or excellent source of nine essential nutrients. Milk is the #1 food source of three of the four nutrients the 2010 Dietary Guidelines for Americans (DGA) identify as falling short in the diets of both children and adults – calcium, potassium and vitamin D.

- The DGA recommends low-fat or fat-free milk and milk products daily
  - 3 cups for 9 years or older
  - 2 1/2 cups for 4-8 year olds
  - 2 cups for 2-3 year olds

- Milk is an integral part of school nutrition programs. Offering white or flavored milk with each school meal:
  - Provides important nutritional benefits to all, especially to the at-risk and food-insecure and
  - Helps students meet nutrition recommendations

By the age of 6 children do not consume the recommended number of servings from the Dairy Group

Visit nationaldairycouncil.org and thedairyreport.com
These health and wellness organizations recognize low-fat and fat-free milk as an integral part of child nutrition programs.
# 2015 SDAFP Winter Seminar Exhibitors and Sponsors Thank YOU!!
